RE: LINDSAY SMITH

To whom it may concern,

Centro Galleria has been a heavy advertiser on Mix 94.5FM for the past three years. In that time, in my capacity as both Marketing Manager and Regional Marketing Manager, I have had the pleasure of working with Lindsay Smith who has been the script writer for the Centre's account.

In the time I have worked with him, he has always been a pleasure to deal with and we have enjoyed a good working relationship. The work he has produced has always been of a high standard. He has always been considerate of our (the client's) perspective, has a very approachable manner and has always been prompt and efficient in ensuring the high quality production of our advertisements.

I would have no hesitation in working with Lindsay again, and in recommending his work and client relationship skills to others.
